Extension of Fort Hunt.

Fort Hunt, just below this city, is to be enlarged by 100 acres, as the result of action taken by Secretary Root yesterday. The secretary approved the recommendation of Brig. Gen. Gillespie, chief of engineers, for the purchase of 100 acres of land, in addition to the reservation already owned by the government at Fort Hunt. There is a threefold object in purchasing this ground—the erection of a new magazine, the extension of range finders, and the improvement of the range for guns fired during target practice. Two farms of fifty acres each lie between the reservation and the river, and in the practice it is necessary to shoot over them. This has led to complaint on the part of the owners, who some time ago gave the government an option on the purchase. The option has expired, but Gen. Gillespie is satisfied that the purchase can be effected at a reasonable price.

New Bridge Across the Potomac.

Plans for the new highway bridge across the Potomac river have been revised, and proposals for its construction will be invited within a few days. The plans were revised under the supervision of Col. Charles J. Allen, of the Corps of Engineers, in charge of the improvement of the Potomac river. They were submitted to Gen. Gillespie yesterday, and by him were referred to the Secretary of War. The revised specifications provide for a truss bridge to consist of eleven fixed spans of 216 feet each, and one revolving drawspan of 290 feet. The entire structure will rest on stone piers. The bridge will be wide enough for two street railway tracks. It will cross the Virginia channel about 1,190 feet above the old Long Bridge. The total cost is estimated at \$996,000.

The O. D. B. C.

On Tuesday night the members of the Old Dominion Boat Club will hold a meeting to discuss the plans of joining the State Regatta Association which is being now organized in Richmond and will include boat clubs from Petersburg, Norfolk, Portsmouth and Lynchburg. It is well remembered what an event the 4th of July regatta was here 14 years ago, when the Old Dominion with its crack gig crew won easy honors and continued to do so in every race for several seasons thereafter. It is expected that they will have hearty support in their efforts to arouse the sporting interests on the river again.

Fined Twenty Dollars.

Philip Warren, colored, caused considerable excitement in the western part of the city early last night riding through the streets on a horse and by firing a pistol. He was drunk and acted in a disorderly manner generally. Officer Lyles arrived on the scene and took charge of Warren. On the way down King street to the station house the prisoner made all the noise he could attract and a large crowd. The Mayor this morning fined him \$20 and in default of payment he will be placed on the chain gang.

Sent to the Chain Gang.

A man who gave his name as Robert Casey was arrested yesterday by Officer Allen for selling rings without a license. He went to Mr. Allen's house and endeavored to sell a ring for one dollar, but showed a willingness later to dispose of it at a lower figure. This morning when brought before the Mayor Casey could give no satisfactory account of himself and he was sent to the chain gang for twenty days under the vagrant act.

Interesting Occasion.

The regular monthly literary meeting of the Epworth League of the Methodist Episcopal Church South was held in the lecture-room of that church last night, when an interesting programme was rendered. Mr. R. P. W. Garnett delivered a talk on "Lilies in Antebellum Days," and Miss Viernon and Messrs. Clabough, Netherland and Ogden sang solos.

A man who was found drunk on the street last night by Officer Beach was dismissed by the Mayor this morning.

Rev. Mr. Welsh will preach at the Alms House at 2:30 o'clock tomorrow afternoon.

Struck by a Train and Killed.

Mr. C. W. Spindle, an old and well-known resident of Brandy station, was struck by north bound passenger train No. 34 of the Southern Railway a few minutes after seven o'clock this morning and instantly killed. The locomotive was in charge of Mr. John Watkins and the train was running at a high rate of speed, being about two hours behind time. There is a long stretch of straight roadway at the approach to Brandy, and several men were standing on the track when the train came in sight, all of whom stepped from the track except Mr. Spindle. No. 34 being a through train, makes no stop at Brandy, and everything being clear it was running at about fifty miles an hour when it struck the unfortunate gentleman. The train was stopped as soon as possible and backed to the station. Mr. Spindle was about 70 years old. He had for a long time conducted a store at Brandy and had charge of the scales which are used in weighing cattle.

Charge Dismissed.

A young man whose physiognomy attracted attention from the fact that the epidermis of his proboscis had been ruptured either by a fall or a blow, faced the wool sack in the Police Court this morning. Officers Griffin and Nicholson had found him drunk on the street and after the officers had made their statements the Mayor glanced at the prisoner, indicating that he was prepared to listen to his answer to the charge. The young man, in a good-natured manner, said he had a thrilling experience Thursday morning, he having been on the handcar which was struck by a train on the Southern Railway, near Fairfax, and was compelled to jump for his life. He witnessed the killing of Mr. Lewis Rinaldo, the section boss, and having no one to put him to him he concluded to get drunk. The Mayor dismissed him with an admonition.

Bass Fishing.

The mild and pleasant weather of the past few days has caused numbers of people to while away their spare time in angling for black bass which are becoming very numerous in the Potomac. Scores of persons can be seen daily angling or dipping nets for smelts which are used for bait. Numbers of Alexandrians go to Woodbridge to enjoy the sport. Mr. Thomas Gorman caught 38 fine bass yesterday, and others report satisfactory results.

No Meeting.

There was no meeting of Post F, of the Travelers' Protective Association of this city, last night, as had been contemplated. The object was to listen to a proposition of Mr. Poindexter, of Richmond, who desires that the Governor be requested to appoint a gentleman interested in the traffic of the State as one of the members of the post were present, but it was a late hour before Mr. Poindexter arrived, consequently no meeting was held.

Continuous Advertising Cheaper.

An experienced advertiser says he used to suspend advertising occasionally, but found that it cost more in the end than uninterrupted advertising would have cost; that he always lost something when he kept out of the papers, and had to double his space to make it up.—[Philadelphia Record.]

Fined for Assaulting Wife.

James R. Roberts and Rose Roberts, residents of the northeast part of the city, were complainant and defendant in the Police Court this morning. The wife charged the husband with assaulting her, and the ungallant benedict was fined \$10. It seems that the woman has instituted proceedings for divorce and the dissolution of the partnership produced friction which culminated in the assault.

Notwithstanding the efforts of his wife to save him, John Katz, twenty-two years old, succumbed to a dose of carbolic acid which he took with suicidal intent at Newark, N. J., last night. Twice before he had attempted suicide so his wife states and she says that on one occasion he tried to induce her to end her life at the same time. A difference between them over a pet dog which Katz killed yesterday is said to have induced him to drink the acid.

General M. B. Young and Adjutant General Corbin, with the aides, arrived in New York this morning from Europe. In company with General Leonard Wood, they were delegated by President Roosevelt last summer to attend the German army maneuvers at the invitation of Kaiser Wilhelm.
